

Prepare to Share your Testimony

We would like you to prepare to tell your testimony in a way that you could share it with campers in 3-6 minutes. Your testimony is a powerful way to share the gospel and give campers an example of how they can choose to follow him. I encourage you, as you prepare, write it down in a way that shows that God the center of it all and give him all the glory! He deserves it all!

When you share your testimony, we would like you to include when and how you first repented of your sin and put your faith in Jesus Christ. You can include things that have helped you grow in your walk with God and/or circumstances that have taught you about God and drawn you closer to him. Think about including a verse that has helped you or had an impact on your walk with God. We would like you to consider what parts of your testimony would be appropriate for the ages you are counseling. This does not need to be your whole story. In fact, highlighting your salvation thought faith and maybe one other things, is probably all you have time for in this setting.

Take some time to look over this guide, which can help you structure how you can testify. Then spend some time writing out your testimony. It is not required, but we encourage you to share it with your cabin while you are here at camp!
